CHANGE OF CATALOG YEAR

NAME: __________________________ DAWG TAG#: __________________________

Last Name __________ First Name __________ MI __________________________

The Academic Advisement Office or the Dean’s Office of the student’s collegiate unit is responsible for completing this form and submitting a hardcopy with original signatures to the Registrar’s Office, Articulation & Evaluation, Student Services Building, Suite 382, Mail Code 4725. This form can be found at articulation.siu.edu

I elect to have my Catalog Date rolled forward to ____________ for the following reason:

☐ To assume curricular requirements for a specific program or specialization not available under my current Catalog Date. A Unit Major Change form must also be processed through the Registrar’s Office, Records & Registration, Mail Code 4701.

☒ To assume curricular requirement changes which work to my advantage in degree completion.

The Catalog Date governs the curricular requirements to which I am bound. Curricular requirements will extend for a seven calendar-year period for baccalaureate programs and three years for associate programs. If I have not met my undergraduate educational objectives by that time, I will then become subject to current curricular requirements. I understand that once my Catalog Date is rolled forward, it cannot be rolled back to the previous date.

APPROVAL (Original signatures required)

Signature of Student __________________________ Date ____________

Authorization of Academic Unit __________________________ Date ____________
